

CONSULTANT DETAILS

adrienne foran

CMD MRCPI (PAEDS) FRCPCH

consultant paediatrician

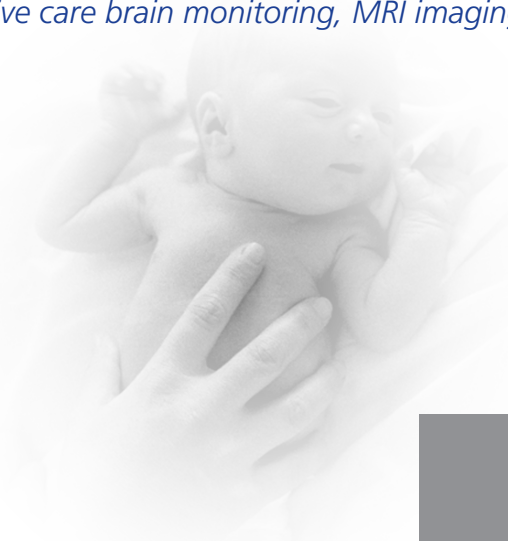

Dr Adrienne Foran graduated from Trinity College in 1996. She trained in the National Maternity Hospital where she completed her post doctoral thesis (MD) in brainwave tracing in babies at risk of brain injury.

Dr. Foran tutored in the R.C.S.I. Temple Street before completing her specialist registrar training in the Imperial College, Hammersmith, London where she worked for a year as a consultant before she took a post in the Rotunda Hospital as a Consultant Paediatrician in September 2007.

Special areas of interest are newborn intensive care brain monitoring, MRI imaging and care of extremely preterm babies.

Dr. Foran is married with 3 children
