

CONSULTANT DETAILS

edgar mocanu

MRCOG

**consultant in gynaecology
& reproductive medicine**

Dr Edgar Mocanu qualified in 1993 from Cluj-Napoca Medical University, Romania. He trained in general Obstetrics & Gynaecology in Cluj-Napoca, Romania and the Coombe Women's Hospital, St. James's Hospital, Rotunda Hospital and National Maternity Hospital in Ireland.

He holds a Certificate of Specialist Training (CST) in Obstetrics and Gynaecology and is registered in the Specialists Register of the Medical Council. He is Sub-Specialty trained in Reproductive Medicine and Surgery under the guidance of the Royal College of Obstetricians & Gynaecologists in London. His training was based at the Human Assisted Reproduction Ireland (HARI) Unit at Rotunda Hospital where he worked with Professor Robert F. Harrison

As part of this training he also worked at the Mater Hospital, St. Vincent's Hospital, Tallaght Hospital and the Coombe Women's Hospital. His main interests are male and female infertility, the genetics of male infertility, ovulation induction, reproductive surgery and IVF/ICSI.

Dr. Mocanu was appointed as a Consultant Obstetrician & Gynaecologist to the Rotunda and Human Assisted Reproduction Ireland Unit in 2005. He runs an infertility clinic in the main Rotunda Hospital and at the HARI Unit. He is also in charge of the ART (IVF & ICSI) services at the HARI Unit. He is involved with the practical and theoretical teaching of students attached to the Rotunda Hospital.
