

CONSULTANT DETAILS

rishi roopnarinesingh

MBBS MRCOG

consultant in obstetrics & gynaecology

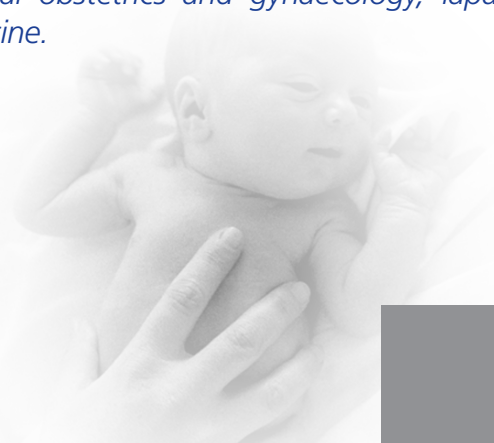

Dr. Rishi Roopnarinesingh qualified from the University of the West Indies in 1993. He trained in Obstetrics and Gynaecology in Trinidad, Birmingham (U.K) and in Ireland, where he has been since 1997.

He worked as Assistant Master at both the Rotunda Hospital and the National Maternity Hospital between 2003 and 2006.

His special interest field is in Reproductive Medicine and he has worked with both Professor RF Harrison and Dr. Michael Darling at the Rotunda Hospital. He has been trained in the surgical management of female infertility using Micro-surgical techniques and has visited centres in London and the United States to enhance the provision of this service at the Rotunda Hospital.

He has a wide range of experience in general obstetrics and gynaecology, laparoscopic surgery, colposcopy and peri-menopausal medicine.

He is married with three children.
